There is “no” excuse for not having the time or not being able to vote on any town referendum (usually in June), especially if your vote will determine how much your property tax will be affected. Call the town clerk, 90 days before the referendum (check this web site, or the town web site, for that date), ask for a ballot (s) to be sent to you by mail, fill out and put in your mailbox to have the mailman pick it up. The only other excuse is that you are in favor of the referendum and higher taxes, or that you don’t care.
